

I, SYLWIA WILMAŃSKA, sworn translator and commercial interpreter of this town of TOMASZÓW MAZOWIECKI, do hereby testify and attest to all whom it may concern that a document presented to me to be translated from Polish into English is of the following contents:

[round logo with inscription]
FACULTAS TECHNOLOGIAE LIGNI, POZNAŃ

TEST CERTIFICATE NO: 36/14/S

1. Subject and scope of the test:

Strength test of the seating furniture

2. Order number: RDM 36/A/14/S

3. Name and address of the Ordering Party:

KAROŃ Zakład Produkcyjny

Wojciech Karoń

Łazisko 116

97-200 Tomaszów Mazowiecki

4. The name and symbol of the type of product/products covered by the examination:

Folding chair of 'straponten' type

5. The test was performed within the period: 22 September 2014 – 14 April 2015

6. Identification of tested product/products covered by the examination:

Technical description and the product design drawing.

7. List of standards according to which the examination was conducted:

PN-F 06009:2001

Pre-school and school furniture. Requirements and testing.

PN-EN 12727:2004	<i>Furniture. Row seating. Test methods and requirements of strength and durability</i>
BS EN 13200-4: 2007	<i>Auditorium seating. Part 4: Seats. Product features.</i>
BS EN 15373: 2010	<i>Furniture. Strength, durability and safety. Requirements for non-household seats</i>

8. Test results:

The results of strength and durability tests, along with the assessment of the tests are provided in the cards from 1-36/14/S to 2-36/14/S for the Test Certificate No. 36/14/S.

The test results presented in the Certificate refer only to the samples tested. The Test Certificate can not be reproduced in whole or in parts.

9. Assessment of the test results:

The products described above comply with the standard requirements in terms of strength, durability and stability.
